

Be aware on public transport

THIEVES take advantage...

when and where?

how can we prevent it?

when you are distracted

whilst validating your ticket

whilst paying for a ticket

whilst consulting the information boards

be aware

in large crowds or when there is confusion amongst passengers

on the escalators

on the platforms

whilst waiting to get off or on

keep an eye on your belongings at all times

when you have little time to react

whilst the doors are closing

when waiting for a train, avoid the first and last carriages

when belongings are left unattended

whilst validating your ticket

baggage left unattended within the carriage

do not leave your baggage unattended

easily accessible pockets, handbags, purses or wallets

at bus stops

on trains

make sure your bag or pocket is properly closed or zipped

ASKING FOR HELP OR ASSISTANCE

- Approach a member of staff or security personnel
- Use the SOS intercoms located on each platform and in the station lobbies
